and it isn't to be found on the records of Meeker County either. Which, according to Johnson, was Schall's way of implying that Johnson had paid off the mortgage through money corruptly acquired.

Johnson also complains that the State corrupt practices act was violated when Schall published certain insinuations about him in the Minnesota Harpoon.

Johnson repeats his charges that Schall's campaign headquarters were frequented by bootleggers, who, he asserts, were led to contribute \$75,000 to Schall's campaign fund because of intimations that cases against them would be influenced.

Representative Schall, when asked to comment on Magnus' charges at the Capitol today, said:

"I am all bunk. Some one must have been talking cocaine in an effort to get newspaper publicity."

OHIO MAN HELD AS PRISON CO-BETWEEN

Columbus, O., Feb. 2 (AP)—Lawrence "Heinie" Riehl was arrested here today by Federal officials and arraigned on a charge of acting as a go-between for Albert H. Sartin, deposed warden of Atlanta Penitentiary, in operations whereby prisoners are said to have obtained special privileges through the payment of bribes.

The specific charge on which Riehl was arrested, and on which he was bound over for trial at Atlanta, February 6, is that he conveyed a bribe of \$10,000 from friends of certain prisoners to Sartin, in return for which the prisoners were to be given extraordinary privileges in the prison.

Riehl was released from the prison Penitentiary about a year ago after serving two years of a one to seven year term for receiving stolen property.

The best cough medicine you ever used. Made in four minutes. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, and prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2½ ounces of Pinex in a pint bottle. Then add 1 pint of plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly breaks the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract famous for healing the membranes. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. (Advertisement)

Fields Offers Aid.

The Courier-Journal Frankfort Bureau.
Frankfort, Ky., Feb. 2.—Gov. William J. Fields this afternoon called upon the Chief Inspector of Mines, the Highway Department and the Louisville & Nashville Railroad to send aid to Cave City immediately for rescue of Floyd Collins, who has been trapped in a cave since Friday.

W. J. Fields, Inspector of Mines, was directed to dispatch a rescue force immediately. E. N. Todd, Acting Highway Engineer, was instructed to send a District Highway Engineer and assistants to Cave City to help in the rescue of Collins. In answer to the Governor's request, the railroad had a rescue party at work early in the afternoon.

Mr. Todd was assured by the District Highway Engineer at Bowling Green that a crew would go to Cave City at once. The Inspector of Mines has offered \$25,000 to the railroad to reach Cave City this afternoon, the Governor was informed.

ROADHOUSE HOLDUP SATURDAY VERIFIED

Holdup of Kelly's roadhouse on the Old Third Street Road Saturday afternoon by four bandits yesterday was verified by Capt. David Heimerdinger, chief of the county police. Captain Heimerdinger said the proprietor reported the robbery to him Monday. After asking to see a telephone, the bandits entered and held up Jack Sheely, it was said. They demanded to know "where the cash was" and then knocked the combination knob from a safe and took the money it contained.

The exact amount of the loot has not been determined, according to the investigators. The men escaped in a waiting automobile.

Oratorical Contest Chats

By RANDOLPH LEIGH
National Director

This is one of a series of articles by the Director of the National Oratorical Contest, written to give contestants the benefit of his observations during the 1924 contest, and to offer practical suggestions as to the present contest.

THE WINNING TYPE.

THE encouraging thing for all contestants is that 1924 showed that there is no winning type in a contest of this character.

The boys did not romp away with it, as some predicted. The soft-spoken were not completely overwhelmed by those with powerful voices. The physically large did not show an unmistakable primacy.

Glance for a moment at the salient facts of the national final of 1924. The first finalist showed a girl and a boy tied for first place. The boy won clearly and unquestionably the actual winner by the proper analysis of the first ballot. But it was so close that no one could say, "such and such a fellow is a winner in a contest of this character."

Similarly there was a tie between a boy and a girl for second place. All of the finalists were strikingly dissimilar to one another. One was

STONE O. K.'D IN SENATE REPORT

Favorable Action On Appointment Is Seen In Approval
By Committee.

OLD RESIDENTS PRESENT

(Continued from First Page.)

Washington, Feb. 2 (AP)—While opposition to confirmation of Attorney General Stone to be a Supreme Court Justice has not completely collapsed, early favorable action by the Senate is predicted as a result of the action today by the Judiciary Committee in reporting the nomination for a second time, with its approval.

Chairman Sterling of the subcommittee, which first reported the appointment before the Wheeler case was injected into the discussion, made the report late today to the Senate, and leaders expect to call it up tomorrow, probably in open executive session. Some discussion, not only of the Wheeler case, but also of the O'Connell case, the first stumbling block the nomination encountered, is expected.

There was no dissenting vote today in the Judiciary Committee, but some Senators, including Senator Walsh, Democrat, Montana, counsel for Senator Wheeler, remained silent on the vital vote that was taken. Senator Walsh had explained in the hour's discussion preceding the decision that because of his connection in the matter, he thought he should refrain from voting.

The current expenditures of \$2,000,000 on improvement in Ashtand and vicinity and plans for an additional investment of an equal amount within the next few years attests the faith and confidence of the railway company in Ashtand and this part of Kentucky in the strongest possible terms.
