RAILROAD WINS SUIT OVER CRASH

Nine On Mt. Sterling Jury Sign Verdict, 3 Refuse; 2 Were Killed.

MANY PARENTS INDICTED

Special to The Courier-Journal.

Mt. Sterling, Ky., Feb. 7.—The jury in the case of J. P. Sullivan, administrator, C. D. Harvey, D. Blair McCloskey and Robert Davidson and the Boston Insurance company for damages against the Cincinnati & Ohio railroad today returned a verdict for the railroad.

The verdict was signed by nine members of the jury, Henry Maher, James Turner, James Richards, Arch Toy, R. R. Hutchison, Davis Ramey, Jack C. Craves, R. H. Dale, William Clark, Badger Robertson. Wes Wheeler and Jack Turner refused to sign the verdict. The suit was the result of an accident at Levee Pike crossing in 1923, when Francis Leaman and Lowery Biggers were killed by a freight train.

John Wyatt, engineer of Lexington, testified that he was running down grade at about twenty to twenty-five miles an hour, that the motor car was coming toward the crossing on the left side and that he did not see it until it was a short distance away. He said he used emergency brakes and did everything possible to avoid the accident. He had blown for crossing as usual, he said. James Flannery, fireman, told about the same story. Other witnesses also testified.

County Judge Earl W. Senff has appointed on the Board of Supervisors for Montgomery County Robert Howell, Jesse P. Highland, H. Bruce Duff, W. F. Horton, Dan J. Prewitt, farmers, and Charles W. Kirkpatrick, insurance man, of this city. The board will begin its duties Monday.

Richard A. Childers has received news of the death in Washington State of James J. Hill, 63 years old. He was a native of Morgan County and was well known here.

The local Woman's Christian Temperance Union observed Frances E. Willard Memorial Day at its meeting this week, at which twenty-eight members were present. The meeting was held at the home of Mrs. Bruce W. Trimble.

MAYFIELD LEAF AT NEW PRICES

Independent Market Records Load for $28.50; Pool Not Open.

DELIVERIES ARE HEAVY

Special to The Courier-Journal.

Mayfield, Ky., Feb. 7.—The week's record for high prices on the local independent tobacco market was smashed today when a load of leaf sold for $28.50 a hundred pounds. A total of 50,000 pounds was delivered and the leaf average was again high, bringing $12.41; lugs brought an average of $4.95, the best average of the week, and the general average was $10.90. These prices are the best of the week on all grades. The association does not receive tobacco on Saturday.

Tobacco deliveries in Mayfield this week again went over 1,000,000 pounds despite the poor beginning. Only 150,000 pounds were delivered the first two days, but the last four days saw heavy deliveries at both the Dark Tobacco Growers' Co-operative Marketing Association's receiving stations and the independent floors. Wednesday more than 300,000 pounds were delivered to both floors.

Prices at the independent market declined the first part of the week.

At the association receiving stations the tobacco brought excellent grade prices all week and the growers were apparently pleased with the prices put on their deliveries. The top figure of $30 a hundred of leaf was maintained throughout the week at the pool for the best offerings of this type. Lugs, trash and common grades also received good grades from the classers.

Thirty-six of the leading business firms in Mayfield have operated with the Chamber of Commerce in establishing "trade day" in this city once a month. The first trade day will be held Monday, February 16, which also will be "mule day" in Mayfield. Letters will be mailed to 10,000 Graves County farmers, urging them to be here. Invitations have been mailed to 500 mule buyers and firms all over the South.

Judge Leslie is survived by his widow, who was Miss Helen Trabue of Glasgow; three sisters, Mrs. C. A. Chock, Nashville, Tenn.; Mrs. G. L. Winn, San Diego, and Mrs. Walter Shible, Helena, Mont.; a brother Robert Leslie, Great Falls, and two daughters, Mrs. Robert P. Jackson and Mrs. Charles Lowrey, both of Great Falls. U. S. MEN TO PLAN NEW BUILDING

Lexington Authorities to Talk Over Proposition At Monday Meeting.

OUTGROW PRESENT ROOMS

The Courier-Journal Lexington Bureau.

Lexington, Ky., Feb. 7.—Heads of the various Federal services in Lexington have been called to meet at noon Monday at the Phoenix Hotel by the Lexington Board of Commerce to discuss the needs of a new Government building here and to make plans toward that end.

The postoffice here, according to George R. Warren, postmaster, was built before the parcel post service was inaugurated and the service now is hampered by lack of proper facilities and space. The Federal Court, because of lack of an adequate room at the Federal building, is forced to convene in the Circuit Court room.

Virgil M. Chapman, newly elected Congressman from the Seventh District, has assured the Board of Commerce that he is deeply interested in the proposal and has voiced his willingness to assist in the movement. The support of other Kentucky Congressmen and Senators will be enlisted, according to Price Gaines, secretary of the board. W. D. Hamilton, division chief of Internal Revenue Service, according to Mr. Gaines, has indorsed the move and commended the board for its action in the matter.

Price Gaines and Charles H. Berryman will leave tomorrow for Washington to protest on behalf of the Board of Commerce, the contemplated removal of the sub-district offices of the United States Veterans' Bureau from Lexington to Louisville. Although information has been received from Washington from time to time that no change is proposed Brent G. Nunnelly, manager of the Bureau, has announced offices will be moved.

Ben Underwood was dismissed by Judge Joseph H. Bullock on a charge of forgery in the Police Court today.

A jury in the Fayette County Court today found the new Independent Tobacco Warehouse Company not guilty of violating the law requiring posting, half an hour before the time of sales, of the names and postoffice addresses of a number of growers with crops on the warehouse floors. The charges were preferred by Harvey Edwards, field agent of the Burley Tobacco Growers' Co-operative Association.

The claim of the defense was that the names were overlooked in the holiday rush of December 23, 1924.

Prayers will be offered in many Lexington churches at services tomorrow for the aid of Floyd Collins, that he be delivered alive from Sand Cave. The Rev. T. H. Alderson, secretary of the Lexington Ministerial Union, today called on pastors of the city to offer petitions for the safety of Collins.

Wood G. Dunlap, commissioner of public property, has been appointed by Mayor Hogan L. Yancey and the Board of City Commissioners to take charge of preparations for the celebration of the 150th anniversary of the naming of Lexington, which occurs this year.

A date of the proposed observances in June 4. History states that June 4, 1775, a party of hunters from Hinkston's, on learning of the battle of Lexington, gave vent to their emotions by naming the future metropolis of the Bluegrass.

Mr. Dunlap, fifty years ago, attended a celebration on the 100th anniversary of the same event.

Calvary Baptist Church, established in February, 1875, tomorrow will celebrate its golden jubilee with special services. The Rev. Dr. T. C. Ecton is pastor of the church, which now has a membership of 1,500 and a Sunday-school attendance of 1,000. The church property is valued at $200,000. Of the original membership of forty-nine, three still live here. They are three sisters, Misses Mary, Emma and Eliza Tingle, 416 North Limestone Street.

Capital Fights New Phone Rates

Mass Meeting of Protest Is Called for Tuesday Night At Frankfort.

The Cumberland, about to absorb the Home company here, is asking for permission to increase residence phones from $1.75 to $3 and business phones from $3 to $5, according to the call. The present contract, according to the committee, has fourteen years yet to run.

During the war the Council, at the request of the Cumberland, increased residence phones to $2.25 and business phones to $4 which rates are still charged.

The committee, composed of Ben Marshall, G. I. Barnes, J. S. Collins, Kelly Smither, L. B. Marshall, G. R. Lyons, J. C. Jones, J. B. Hatton, David Goin and A. T. Goin, asserts that the American Telephone and Telegraph Company, owner of the Cumberland, paid a dividend of 9 per cent. and they protest that the increase is not needed.
